## DRUG SAFE SERIES

- 10 mm solid plate body
- Fully Welded Doors
- Digital Locks

### DRUG SAFE SERIES-1

This unit is the constant choice and most popular with Ambulance, Nursing Homes Pharmacy, Medical Centres and Veterinary codes. When only limited supplies of stock are required this unit is your answer. Made from solid 10mm plate body and fully welded door. The unit provides for key, combination and digital electronic locks. Protected by harden steel and dogging bar at rear of the door to protect the door and safe should the hinges be 'cut off' Standard installation holes are provided for easy installation. Manufactured with heavy duty 10mm steel plate door & body fully welded.

DS1	Height	Width	Depth	Weight
External	350mm	240mm	150mm	29Kg

### DRUG SAFE SERIES-2

This safe has always been a popular choice with Pharmacies, small Hospitals and Medical Centres. The unit provides for key, combination and digital electronic locks. Protected by harden steel and dogging bar at rear of the door to protect the door and safe should the hinges be 'cut off' Standard installation holes are provided for easy installation. Manufactured with heavy duty 10mm steel plate door & body fully welded.

DS2	Height	Width	Depth	Weight
